Not asking to change the paper – just curious when you think we will have a better handle on the following? Questions on it seems to keep coming up.

OK, here you go:

Because I was messing with this, I'm not paying close attention to Jennifer's meeting, FYI, so let me know if there's anything you need from me on this.

Yes pulling into one document (Word is fine) would be great. Even if that has some of the expanded links.

Just saw this – for materials, we don’t have something separate from the existing talking points & Region 1 paper yet. See attached and below.

I can pull these into one document in the next 30 min, if you’d like. I’ll start doing this. Thuy, can you forward to the folks on this email the current data package transmittal to FDA?

Can we send up materials in the morning? Friday is when the politicals are discussing this. That is why the timing. Can we show Michal the draft agency document too? Kimberly, I can introduce the topic and then kick it to you. Does that work?
